

SOCIETY

Another attractive girl to be added to the list of debutantes for this season is Miss Mary Mason Williams, daughter of Mr. and Mrs. Francis and Mrs. Williams, and granddaughter Mrs. Archer Anderson. Miss Williams has recently returned to Richmond, after a visit to friends and relatives in Baltimore and Norfolk. She is a graduate of College School for girls, and last year attended Hollins College, where she was a member of a Frothingham class.

Miss Williams will be the guest of honor at a party given by her father, Mr. Francis Williams, at his home, 1111 North Main Street, on Saturday evening, November 4, in honor of her daughter, Miss Susan Williams. The guests will be limited to the debutantes, some of the young girls and dancing men. The affair will take place at the Woman's Club.

Suit for the East.
Major-General Henry Jerry, U. S. Army, and his son, Lieutenant William Jerry, U. S. A., of his staff, left St. Helen's, Powhatan County, Va. last week, under orders for the East. They were accompanied by their families and spent a short time in Richmond with relatives and friends.

Wedding This Evening.
An interesting event of this evening will be the wedding of Miss Margaret Eleanor Gaines, daughter of Mr. George Decatur Gaines, and Edward Mitchell Eppes, Jr., son of Mr. E. M. Mitchell, also of Richmond. The ceremony will take place at 7 o'clock in Grace Street Baptist Church, with Dr. W. W. Weeks, pastor of the church, officiating. A number of guests from a distance are expected to attend the wedding.

Wedding Tomorrow.
The wedding of Miss Mary Williams and Mr. Francis Williams, Jr., will take place at 7 o'clock in Grace Street Baptist Church, with Dr. W. W. Weeks, pastor of the church, officiating. A number of guests from a distance are expected to attend the wedding.

MAKE ARMS CONFERENCE MORE COMPREHENSIVE

Would Relieve France of Maintaining Great Army on Rhine.

OBTAIN SECURITY ASSURANCES
Washington Meeting to Devise Means of Making Violations of International Agreements a "Reasonable Impossibility."

By Robert J. Bender.
United News Staff Correspondent.
WASHINGTON, Oct. 14.—Four new developments in American preparation for the coming arms conference throw a broader light upon the possible scope of the big international meeting.

First—Agencies under and co-operating with the State Department are making drafts of possible agreements which, through carefully worded penalty clauses, would assure definite fulfillment of understandings reached by the great powers on the question of the open door principle in the Far East.

Second—The same agencies are seeking to establish an international formula to which Germany would subscribe, that would at once assure French protection against the Versailles treaty commitments and relieve France of the necessity of maintaining her present burdensome military establishment—750,000 men under arms.

Third—President Harding and Secretary Mellon have agreed to a compromise suggestion made by Chairman Fordney of the House Ways and Means Committee, whereby a "world war loan commission" of five members would be fully empowered to handle the working out of present international loan problems, instead of having the whole power in Mellon's hands as the administration first wished.

Fourth—Consideration is being given to a method of approaching the Shantung problem, over which Japan and China have reached an impasse, and as a result of which impasse the Japanese ambassador here has sounded out the State Department on the question of its possibly acting as mediator.

The purpose in the first and second of these developments, it is explained, is to establish a sort of machinery which would not create any super-government, but which would make violation of agreements entered into by the conference a "reasonable impossibility." In this work the Carnegie Foundation is working with the specially created division in the State Department to handle Far Eastern and European problems.

The intention to create some substitute for the present French military "insurance" army, established along the Rhine to force Germany to submit to her treaty commitments, particularly regarding reparations payment, is in response both to insistent urging of French American business men, and to Premier Clemenceau, Premier Briand and other French leaders have recently in public speeches pointed out the need of some international arrangement which would adequately reassure France in her military establishment is to be curtailed.

U. S. Business Interests Act.
Along the same line a special committee of the United States Chamber of Commerce, after completing a trip of investigation through Europe, has formally reported to the chamber: "It is essential to Germany, in her own interests, that some plan shall be devised by which France and other European countries shall be given assurance of security in the future. Some of the most important leaders in Germany frankly declare that France should have such assurance. They were unable to suggest any acceptable guarantee which Germany herself could offer, but they expressed the hope that at other countries might soon agree upon some method of meeting the situation. German leaders believe that otherwise they must live and work for years in a constant state of friction with France and the ever-present possibility of French armies occupying more territory whenever difficulties arise."

"The cost of the armies of occupation represents a large sum of money which, under the treaty, Germany must pay in addition to indemnities. If this expense could be cut off or reduced to a minimum, it would help Germany greatly in making payment. It would render other financial aid to Germany much easier than under present conditions. It would likewise be of assistance to France, for it would restore to productive effort thousands of her young men now in her army whose employment as a police force represents an enormous burden and is a drag on the whole world. The possible removal of this burden, however, depends upon some effective plan for the maintenance of peace, on which the nations shall unite."

Tennessee Selects Delegates.
NASHVILLE, TENN., Oct. 14.—Rev. T. C. Ragsdale and Rev. George L. Beale, of Nashville; Rev. John Durbin, of Clarksville; and Rev. W. M. Cook, of Mount Pleasant, Tenn., were chosen at Springfield today as four of the six delegates from the Tennessee Methodist Conference to the general conference at Hot Springs, Ark., next May.

IN AND OUT OF TOWN.
Mrs. Edward Turner, of Fauquier County, is the guest of Mr. and Mrs. T. C. Duval, at 211 North Main Street. Rev. and Mrs. J. C. Gray, of Wilmington, N. C., are in Richmond, where they will hear lectures in connection with the Union Theological Seminary.

Daily Fashion Hints From VOGUE

A SUBTLE REFLECTION.
Of the costumes of the ancient Nile is to be seen in this graceful afternoon frock of crepe marocain which adapts to its simple long blouse and simple skirt the pleated panels and braided girdles of Egypt. This frock offers an unusually attractive way of combining two colors of fabrics, and the trimming bands may be of soft satin ribbon, slightly lacquered. Black and white is, of course, the most effective combination, but there are many other shades of brown, fuchsia, blue, and gray, which are appropriate for the autumn wardrobe. (Copyright, 1921, by the Vogue Co., New York.)

ASKS CITY FATHERS TO PROBE PRICE OF GAS

State Labor Commissioner Addresses Communication to Finance Body Chairman.
John Hirschberg, State Commissioner of Labor, yesterday addressed a communication to the Finance Body Chairman, Mr. Hirschberg, regarding the price of gas. He stated that the price of gas had increased from \$1.39 to \$1.41 a thousand feet.

The Finance Committee now is considering a resolution presented by Alderman Melton, providing for a reduction in the price of gas to the consumer. This resolution is on the calendar and will be discussed at the next meeting of the committee Tuesday night. Director Trafford has stated before the committee that the actual cost of gas to the meter is much below the price being charged the consumer, but in view of the fact that several hundred thousands of dollars now are being spent in improvements to the gas plant, to be derived through the sale of bonds, the committee had not felt inclined to do an injustice to the public in reducing the price until the plant has been placed in condition fully to supply the demand at a reduced cost, without further increase in taxation.

NOVA SCOTIA APPLES ARE ON RICHMOND MARKETS

Housewives Will Find Sparse Variety of Vegetables From Which to Select.

There is still a great scarcity of desirable vegetables on the retail markets, and the housewives and others who visit these places this morning will have to be satisfied with a rather sparse variety from which to select. A little spinach has come in, but it is not plentiful. A few snap beans, a limited supply of corn and some cymblings and tomatoes are left. Cauliflower is a little more in evidence and the price has come down a bit. Turnips and potatoes may be said to be the only articles in the vegetable line that are really plentiful.

The fruit stands are quite well supplied, although but little of Virginia growth is to be found. Some of the retailers actually are selling apples that came all the way from Nova Scotia, and some of the people who have tried them say they are almost as good as the Virginia apples.

There are no changes in the meat markets, either in supply or prices. The fish market is well supplied with everything that swims the Virginia waters at this season—from oysters down to crab cake. Oysters are very fine and the cooler weather has caused an active demand for them. Norfolk spots and Virginia Beach croakers still are in evidence, as are mackerel, bluefish, flounders and trout.

The searchers after an employe at the big Sunday dinner, except turkeys, dressed chickens are going all the way from 43 to 59 cents the pound. Guinea pigs are very numerous at the poultry stands and dressed birds readily bring \$1 a piece. Eggs still are high, the fresh from nearby henneries going at 55 to 55 cents a dozen, and 57 to 49 cents per dozen.

U. D. C. OPPOSE USE OF NAME KU KLUX KLAN

(Continued From First Page.)
Klax Klan into being, to have another organization, with different aims, ideals and principles, masquerading under a name which meant so much to Dixie in the dark days of the reconstruction period, and so strong was her denunciation of the order now known under that name that her resolution was passed by acclamation, but not until dozens of delegates had expressed themselves along practically similar lines. The afternoon session was interrupted by a visit to the Soldiers' Home and to Battle Abbey.

Officers were elected during the concluding session. Last night's session, which concluded the convention, was devoted largely to social purposes. It was held in Grace Street Baptist Church and a specially arranged musical program was carried out.

3. Is this the first and only ballot cast by you in this contest?
Signed.....
Address.....
The ballot must be for an official candidate.
X—Charter members write number of card.

TO ERECT PLAIN SHAFT TO HONOR SOUTH SIDE HEROES

Memorial Association Rejects Bid of Sculptor Siewers and Assurance of Judge Wells That Slight Deficit Would Be Forthcoming.

Despite assurance by Judge Ernest H. Wells that a sufficient amount would be forthcoming for a memorial to the boys of South Richmond who gave up their lives for their country, the South Richmond Patriotic Memorial Association last night, by a vote of 17 to 5, rejected a proposition of E. W. Siewers, sculptor, who designed the Jackson monument on Monument Avenue, and accepted the plans of W. T. Andrews, an employe at Maury Cemetery, for the erection of a simple shaft, on motion of Bernard Robertson.

A report of the special committee on monument, of which J. C. Blake was chairman, was submitted. It embodied descriptions of three propositions, from Mr. Andrews, Edward L. Perkins and Mr. Siewers, respectively.

Mr. Siewers was present as a member of the association. He said he submitted his plan as a patriotic citizen, who felt that the association did not have sufficient funds to pay for the actual labor and cost of material. As an artist and a sculptor, he believed the memorial should be distinctive.

Judge Wells believed the association should go slow in selecting a memorial. Secretary W. M. Emgard reported that there was less than \$1,200 in the treasury, but that at least that much was in sight. Judge Wells said that he would personally see that the difference in the cost of the plain shaft and a distinctive monument should be made up.

WHITE HOUSE MILK
Ladies, try White House Milk. No rich, so pure, it goes farther. No cooky taste and certainly whips it chilled. At all grocers.

Just In!
New \$25 Dresses
A group of the street dresses every one wants, in Poiret Twill, Tricotine and Crepe Satin, sizes 16-44, colors navy, brown and black. They are trimmed with embroidery, silk braid or ornamental buttons.

How to Get Relief From Rheumatism
Scientists Agree That the Cause Is Due to Waste Products in the Blood.
The blood is the means by which all tissues, muscles, ligaments and flesh of the body are directly or indirectly nourished. It is also through the blood stream that the waste products and waste products are cast out of the system.

When waste products accumulate, they are a menace to life. They cause a lowered vitality, many skin disorders and rheumatism. Genuine relief from the agonies of rheumatism can be had only by correcting the basic trouble—waste products. Thousands and thousands of men and women during the past 50 years have cleared their blood of waste products with S. S. S. It is the ideal remedy for rheumatism, because it removes the poisonous waste matter which is causing the trouble. There are no bad after effects and the result is wonderful. Begin taking S. S. S. today and write for 56-page illustrated booklet, "Facts About the Blood"—free.

Personal medical advice, without charge, may also be had by sending a complete description of your case. Address Chief Medical Director, Swift Specific Co., 722 S. E. S. Laboratory, Atlanta, Ga. All drug stores sell S. S. S.—Advertisement.

KEEP LOOKING YOUNG
It's Easy—If You Know Dr. Edwards' Olive Tablets.
The secret of keeping young is to feel young—to do this you must watch your liver and bowels—there's no need of having a sallow complexion—dark rings under your eyes—pimples—a bilious look in your face—dull eyes with no sparkle. Your doctor will tell you that 95 per cent of all sickness comes from inactive bowels and liver.

Dr. Edwards, a well-known physician in Ohio, perfected a vegetable compound mixed with olive oil to act on the liver and bowels, which he gave to his patients for years. Dr. Edwards' Olive Tablets, the substitute for cod-liver oil, are gentle in their action, yet always effective. They bring about that natural buoyancy which all should enjoy by toning up the liver and clearing the system of impurities.

Dr. Edwards' Olive Tablets are known by their olive color, 15c and 30c.—Adv.

TOO ILL TO WORK
A Mother Tells How Her Daughter Was Made Well Again by Lydia E. Pinkham's Vegetable Compound

Philadelphia, Pa.—"At the age of sixteen my daughter was having trouble every month. She had bad pains across her back and in her sides, her back would pain her so that she could not do her work and would have to lie down. My married daughter recommended Lydia E. Pinkham's Vegetable Compound. She took it faithfully and is now regular and has no pain. We recommend the Vegetable Compound and give you permission to publish this letter."—Mrs. KATIE EICHER, 4031 N. Fairhill St., Philadelphia, Pa.

Standing all day, or sitting in cramped positions and often with wet feet, young girls contract deranged conditions, and before they are hardly aware of it they develop headaches, backache, irregularities, nervousness and bearing-down pains, all of which are symptoms of woman's ills. Every mother who has a daughter suffering from such symptoms should profit by the experience of Mrs. Eicher and give Lydia E. Pinkham's Vegetable Compound a fair trial.

Will You Save on Your Coal Bill?
The celebrated Hot Blast down-draft creates perfect combustion, the gases and fumes, ordinarily escaping up the chimney in other stoves, are all consumed and turned into heat in the Hot Blast.
